automotive truck & industrial supplies ltd

AUTOMOTIVE, TRUCK & INDUSTRIAL SUPPLIES LTD, has been formed as a company in January 2008 from the former operations of B. Camilleri Auto Parts originally established in August 1968 by Mr. B. Camilleri. The company has since its origins grown to be one of Malta's leading importers, wholesalers and retailers of top quality parts for passenger and commercial vehicles as well as industrial supplies.

### **Our Organisation**

The A.T.I. team is made up of 13 highly trained staff. The company though formed in 2008 still boasts 40 years experience in the field. During this time we have seen and experienced significant changes in the industry.

We have at heart the well-being of our staff, and are committed to utilising the latest training methods and equipment such that we deliver the best professional service our customers have come to expect.

Our emphasis is on delivering total customer satisfaction, through value adding products and services. We pride ourselves at not merely selling the right parts for the intended application but also assisting our customers with required technical advise.

### **Our Vision**

“to develop and maintain a state of the art level of excellence in all of our operations, products and services such that we are the natural strategic choice for clients and suppliers alike”

### **Core Business**

Based in St. Venera Malta, ati supplies ltd is principally involved in the importation and distribution of various automotive, truck and industrial products throughout Malta and Gozo.
